

POST TRAINING ASSISTANCE (PTA)

The Post Training Assistance (PTA) program, provided by Qtech-Sol is subject to below terms. Candidates who have not completed Qtech-Sol certification program, will NOT be considered for the PTA Program. This program last for 2 weeks.

Success rate for getting job

Per our survey performed on open job opportunities in clinical domain focusing on various job titles as CRA, DSA, CDM, SAS and BA.

The following factors is considered to be successful and to find promising job.

- Candidate – Active Vs Passive Job Seekers.
- Location Preference – Local Vs Open for relocation.
- Pay Rate – Current Vs Expected.
- Skill – Fresh Vs Experienced.
- Job Title – Entry - Mid – Senior roles.
- Work Permit – Citizen Vs Visa bound.
- Marketing – Direct Client Vendor Vs Sub.
- Type of Job – Contract Vs Full-time.
- Work – Onsite Vs remote.
- Role Expected – Specialty Vs General
- Applicants Available – Multiple Vs Unique

Our report indicated, the success rate of candidate is subject to above factors to match skills, experience and candidate preferences. On average 60% of our candidates have found successfully a job depending upon candidate preferences opted and performance.

PTA Program and Terms of Engagement.

The PTA program will allow you to get started with the following tasks.

1. Resume preparation
2. Narrative writing
3. Taking mock sessions.

The Student will be closely working with Qtech-Sol for next 2 Weeks after program certification, to ensure the candidate is prepared and ready for Interviewing. During this program, the first step is to get your resume aligned to roles and duties performed. Correlating the learnings gained to meet job market is the first step. The Narrative writing process, will allow you to better explain details of the resume during interviews and to position yourself to open positions applied. Take a mock session to test your skills and understand most frequently asked questions during interviews. We do not support full-time positions and we encourage student to apply on their own to find one.

Steps followed at Qtech.

Step-1: Exercise to do to get started.

We expect each student looking for job as next steps, to follow the following process.

- 1) Please look into various possible jobs open in job sites, such as indeed, career-builder, dice etc, open jobs open or closed.
- 2) Use key words search, based on lessons and job titles, during your search to identify positions.
- 3) Copy and paste the job duties of each job identified into a word document.
- 4) Bucket the duties per lessons learnt during the training program (Basic, Advanced, Additional)
- 5) Prepare a word document by lesson and map to the job duties buckets.
- 6) Email me the word document prepared, this will allow you to align your learning gained with job requirements open.

Step-2: Resume Preparation.

Qtech-Sol will provide some sample resumes for you to get started with your resume preparation. Copy of the draft resume prepared by candidate must be emailed to the director for review. We will review the resume and will suggest required to meet job market.

Step-3: Narrative Writing.

The finalized resume, will allow you to write down your narrative form in first tense, so that you are able to defend your resume. Email the narrative form to me for review and proceed to take a mock session. You will be deputed with a specialist for mock session and for possible anticipated interview questions.

Step-4: Mock Sessions.

You will be deputed with a specialist for mock session and for possible anticipated interview questions. Mock session is conducted to get prepared on possible interviews.

Qtech-Sol will work closely with candidate and we expect the student to take lead to identify open roles, that wish to apply. We will share open contractual positions, we come across from our partners and clients for a period of 60 Days. The candidates can opt to work as Qtech W2 employee or with others clients and vendors, during this job application step.
